

Bookmark Exchange Project

The ISLM Bookmark Project 2010 is an international project that involves matched schools making homemade bookmarks (any style, shape, etc - be creative) that reflect the International School Library Month theme of:

DIVERSITY, CHALLENGE, RESILIENCE: SCHOOL LIBRARIES HAVE IT ALL

The bookmarks must be mailed to your matched school in October 2010.

If you would like to become involved in this project, you will need to send the following information to the ISLM Bookmark Project Coordinator, Breege O'Brien.

- your school's name
- your school's location (city, state/province/country)
- the grade/age level of the students to be involved
- the number of students involved (this is very important to ensure you are matched to a school of similar size)
- the contact information (name and email address - include a contact email where you can be reached during any school holidays)

Every few weeks until early September, a new list of schools will be sent to the participating schools to choose a match. Matching will be taking place on a regular basis and it is vital that you provide us with contact information during your respective school holidays. Last year many people missed out on matches because we could not contact them.

For more information or to add your name to the list of participating schools, contact: Breege O'Brien, Bookmark Project Coordinator, at rahardagh@gmail.com

International School Library Month (ISLM) is an event promoted by the IASL (International Association of School Librarians) www.iasl-online.org/
