Title: **English as an Additional Language.**

Description:

- **English as an Additional Language (EAL) for Mainstream Teachers'**
Given that the child with EAL spends the majority of his/her time in the mainstream classroom, this workshop aims to equip class teachers with the necessary skills to facilitate their learning. An overview of how children learn an additional language will be provided, along with an opportunity to explore some practical strategies to support this.

- **'Team-teaching'**
Many schools are using team-teaching to effectively facilitate a child's learning in a focused, collaborative way. In this workshop, participants will be invited to share their own experiences of team-teaching and will have the opportunity to discuss and review video footage of experienced team teachers in action.

Date: **Team Teaching – Tuesday 2nd June 2009.**
